

ATLAS Bunker-Home

Three-Bedroom 1,146 Sqft - 106.51 mt2

This futuristic and unconventional dwelling establishes a new frontier in architectural design, offering innovative solutions to the growing challenges of extreme natural events such as hurricanes, earthquakes, tornadoes, and fires. Built for resilience and long-term safety, it protects its inhabitants while preserving comfort, functionality, and a high standard of living redefining what it means to live securely and sustainably in a modern home.

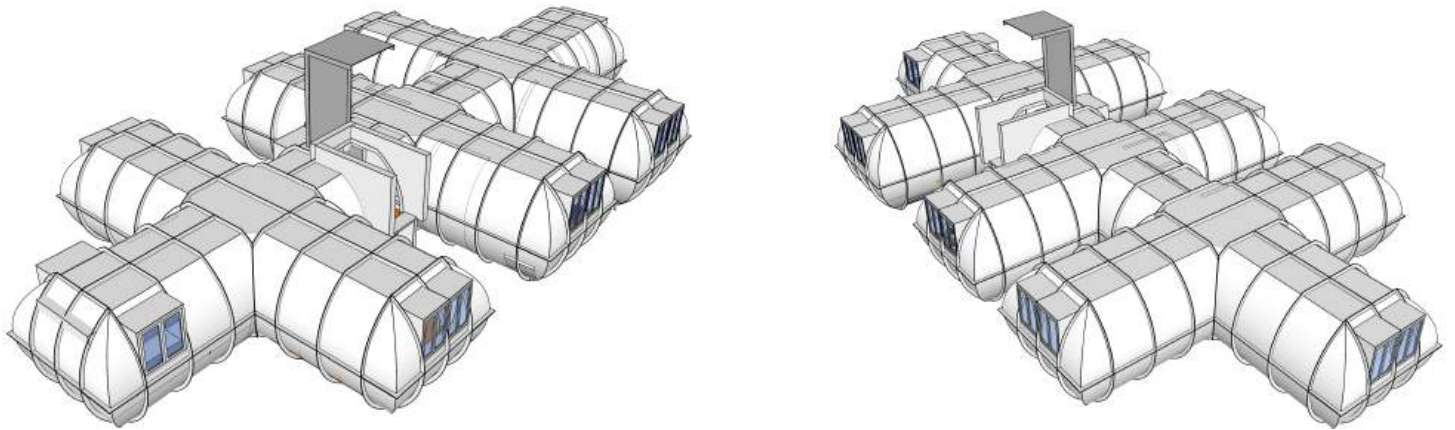

Modular solution offering a wide range of exterior finishes, including concrete, sand, soil and vegetation, stone, or any desired material, allowing it to fully integrate with its surrounding landscape. Its design flexibility ensures seamless aesthetic and environmental harmony, making it adaptable to various settings without compromising structural integrity or visual appeal.

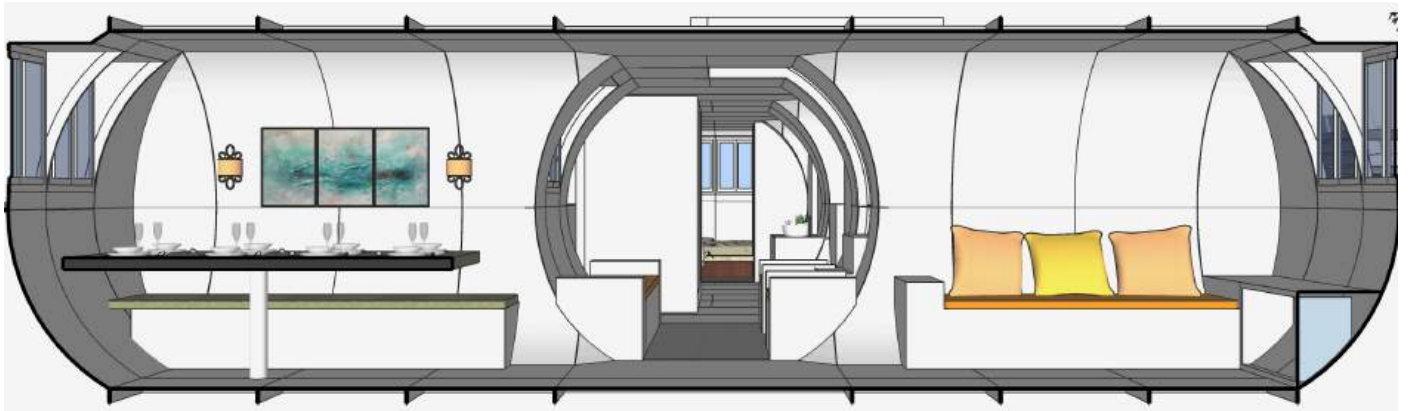

2.40 mt
7.87 ft

Height: 2.40 mt / 7.87 ft

Combining beauty and comfort, it is built with next-generation aerospace materials and offers endless design possibilities. Its modular concept allows for assembly on virtually any terrain, no matter how harsh, while providing a warm and inviting interior designed to be truly enjoyed.

ARK BUNKERS

Cutting-Edge Technology, Serving Humanity

Note: Our bunkers are delivered without interior furnishings. Wonderful Structures provides the structural system for client assembly, including a complete set of floor plans, an Assembly Guide, and contact information for complementary technology providers. These complementary products may vary depending on the specific requirements and preferences of each client.
