

Below is a selection of specialized technology providers offering advanced solutions for wastewater treatment, self-contained composting toilet systems, and autonomous air purification units. These systems are particularly well-suited for integration into off-grid, self-sustaining bunkers, ensuring reliable sanitation, environmental protection, and indoor air quality in fully autonomous conditions.

SEWAGE TREATMENT

Link: [CLEARFOX®](#)

The ClearFox® Nature is a packaged **Wastewater Treatment Plant**. It is suitable for the treatment of wastewater from individual houses and small communities of up to 50 people. It can be used for new developments, or to upgrade existing septic tanks. The treated sewage can be safely discharged into the environment or used to irrigate green spaces. For communities of more than 50 people.

ECOFLO COMPACT BIOFILTER

Link: [ECOFLO](#)

The **Ecoflo** compact biofilter is an alternative septic system that provides advanced treatment through a **coco filter**.

With ease of access and a renewable filter, the **Ecoflo** compact biofilter is **installed for life**, making it the last septic system you need to buy.

Installed for life

Best long-term investment

Perfect for small lots

Sustainable coco filter

RENSAIR CORE AIR PURIFIER

Link: [SMART AIR PURIFIER](#)

The award-winning Core air purifier is capable of cleaning up to 600 m³ (360 CFM) of air per hour, using a combination of HEPA and VOC filtration along with UVC light.

The Core air purifier draws in dirty air from above and around the circumference of the unit, sucking in at 360 degrees, which reduces the importance of where the unit is placed.

Rensair Core i

- Rensair Cloud® Enabled
- 600m³ /360 CFM air purified per hour
- 360 air flow – place anywhere in a room
- Removes 99.97% of pollutants from indoor spaces.

Globally certified for:

- Hospitals / Healthcare
- Real estate (commercial, home)
- Education

SELF-CONTAINED COMPOSTING TOILET

Link: [NATURE'S HEAD](#)

Easy to install by any reasonably handy person. Absolutely No Odor. No Maintenance. 5 Year Warranty. Huge Capacity. 2 people using full time will empty every 4-6 weeks. Easy empty in 5 minutes. A vast improvement over older composting toilet designs.
